CS 212 – Fall 2021 – Project 4

Assigned: 3 December 2021
Due: 13 December 2021
Cutoff: 13 December 2021 (no exceptions)

Modify the toString method in Date212

Modify the toString method in Date212 so it includes the day of the week. For example,

    20211203

Would be printed as

    Friday, December 3, 2021

There is an algorithm call *Zeller's Congruence* that will provide a numeric value (e.g., 0 = Sunday) given a month, day and year as specified.

You may use Google to find this algorithm.

Submitting the Project.

Submit all necessary source code files (i.e., Java files.)

Submit a jar file called Project4.jar.

Be sure the jar file contains *source* code, not classes.

Projects must be submitted on Blackboard by the cutoff date. Projects are not accepted by email.
